Hi!

Does Goglobal UX SErver 2.2.6 for HP support Solaris (=>10) Client

Dieter

There are two, depending on whether you mean Solaris/SPARC or Solaris/x86. You can download them from:

[ftp://ftp.graphon.com/GO-Global-UX/v2.2.6/GO-Global\\_for\\_UNIX-Client-Solaris-5.10-SPARC.bin](ftp://ftp.graphon.com/GO-Global-UX/v2.2.6/GO-Global_for_UNIX-Client-Solaris-5.10-SPARC.bin)  
[ftp://ftp.graphon.com/GO-Global-UX/v2.2.6/GO-Global\\_for\\_UNIX-Client-Solaris-5.10-x86.bin](ftp://ftp.graphon.com/GO-Global-UX/v2.2.6/GO-Global_for_UNIX-Client-Solaris-5.10-x86.bin)

Hope this helps,  
Troy
