
Re:What type of data security does GO-Global offer

Posted by micmanders - 2008/05/19 02:26

User micmanders asked (referring to the post in the FAQ):

Hi Erik !

Where can I get these mentioned add-on modules ?

Greetz

michael

The answer is that the modules are shipped with each version of GO-Global for UNIX. You can enable the stronger security by purchasing a license. Contact your sales representative or sales@graphon.com for assistance.

Troy
